## MACHINISTS END CONVAIR STRIKE

LOS ANGELES (UPI)—Negotiators reached a tentative agreement on a two-year work contract today to end the 11-day machinists strike at Convair which has tied up production and testing of the nation's Atlas missile.

Air-space industry observers would lead to a quick end of the three-day Lockheed Missiles and Space Division strike and prevent a threatened machinists strike set for midnight against Douglas Aircraft.

CONVAIR, a division of General Dynamics, and the Machinists Union said the tentative pact covered the union's 26,000 workers at the company's plants and installations at key Atlas missile bases across the country.

The Atlas is the nation's only operational intercontinental ballistic missile. It is capable of striking at Russian targets from launch sites in the U. S.

THE NEW TENTATIVE agreement must be approved by the International Association of Machinists 26,000 workers at Convair before it becomes effective.

The company expected picket lines to be removed at all its plants and installations and workers to return to the job today.

The agreement covers workers at Convair's astronautics division and San Diego division plants in San Diego, Calif., its plant at

Five Injured In 2-Car Crash Outside Indio

INDIO — A two-car collision on Highway 99, 1000 feet north of the Avenue 76 intersection south of here, resulted in injuries to five persons at 12:15 a. m. today, the California Highway Patrol reported.

Injured were Joel David Kramer, Indio, driver of a vehicle which collided with Taft William Hazely, Los Angeles, also injured; plus Barbara Hazely, Horace Richardson, and Rachael Phifer, all of Los Angeles. All but Kramer were in the Hazely car. The injured were taken to Casita Hospital.

Kramer was cited for failure to drive on the right lane of the road, the CHP said.

## 'Hope Lutheran' Lutheran Church For PD Planned

Plans were announced by the Board of Home Missions of the American Lutheran Church in Los Angeles today to establish a new congregation at Palm Desert.

According to Dr. Gayler Falde, president of the South Pacific District of TALC, the new congregation will be established immediately. Dr. Falde was responsible for the calling of Rev. E. David Natwick to become the new pastor of this congregation, and will also assist in the selection of the site for the new church.

TO BE KNOWN as Hope Lutheran Church, the congregation is one of 31 new congregations being established this year by the 2,000,000 member denomination.

Rev. Natwick arrived in the

## Ralph A. Hunt Funeral Slated Here Tomorrow

Funeral services for Ralph Allen Hunt, 64, who lived at 559 Mountain View Drive, will be held tomorrow at 2 p. m. in Wiefels and Son Chapel here, with the Rev. Frederick A. Barnhill, pastor of St. Paul's in the Desert Episcopal Church, officiating.

Hunt died in Desert Hospital at approximately 5:30 a. m. Thursday, after a brief illness.

A native of Kansas, Hunt had lived in Palm Springs three years, and in California 11 years. He was manager of the Salton Sands Realty Company, Salton City, until his recent illness.

Survivors include his widow, Mrs. Grace Hunt; two daughters, Mrs. Courtney Kroenke, Harrisonville, Mo., and Mrs. Gene Dickson, South San Gabriel; and three brothers, Roy, Glendale; Claude, Washington, D. C.; and Glenn, of Chicago.

A private inurnment will be held in Montecito Memorial Park, San Bernardino. The family requests that friends send donations to Desert Hospital Nurses Home, in lieu of flowers.

## U.S. Defense Heads Confer

QUANTICO, Va. (UPI)—U. S. defense chiefs from around the world were closeted in secret talks today on a wide range of problems such as the ending of U-2 spy flights over Russia, the Japanese riots and a tense cold war road ahead.

Gen. C. P. Cabell, deputy director of the Central Intelligence Agency, was scheduled to deliver the opening briefing of the three-day meeting of about 165 civilian and uniformed military leaders.

ASSISTING IN the preliminary work of establishing this new congregation are Mr. and Mrs. Clifford Pomikias, who will begin a two month visitation of the area in which this new congregation will be established.

Purpose of their visits will be to contact the residents of the area to determine who might be with this new congregation.

## Japan Leftists Mobilize for Treaty March

Communist Youths Vow They'll Stop Pact Ratification

TOKYO (UPI)—Anti-government mob leaders, infuriated by the signing of a Socialist party leader, vowed to mobilize 300,000 demonstrators Saturday for what could be the climactic showdown over the U. S.—Japan security treaty.

The pact automatically becomes law at 12:16 a. m. Sunday (8:16 a. m. p. d. t. Saturday). New, and possibly bloodier, clashes were feared as the crucial moment neared.

A FANATIC rightist youth who said he was "ashamed" the Japanese government was forced to cancel President Eisenhower's visit Friday plunged a jack-knife into the shoulder of Jotaro Kawakami, former secretary - general of the opposition Socialist party and a member of the Diet (Parliament). Kawakami was rushed to the hospital, bleeding profusely. But police said his wound was not serious.

THE INCIDENT further inflamed a wild mob of demonstrators outside the Parliament Building.

Sound trucks circulated through the mob with loudspeakers blaring: "This is a new sacrifice." Inside the Diet compound 4,000 policemen watched warily for the first sign of violence. Each still wore a black arm band of mourning for a 22-year-old exed killed in a mob battle with police Wednesday night.

HEARTENED that their battle - scarred demonstrations had forced cancellation of President Eisenhower's visit, the students were working against time on their other two main objectives.

WASHINGTON (UPI)—The Senate was reported today to pass and send to the White House an election-year pay raise for about 1,370,000 federal workers. Some supporters thought they could override a predicted veto.

## JAPANESE RIOTING SPURS RESTORATION OF AID FUND CUTS

WASHINGTON (UPI)—The House voted tentatively today to restore part of a cut in military aid funds after Republican leader Charles A. Halleck said anti-American riots in Japan prove the need for more, not less, foreign aid.

Members also had been told just the opposite.

Rep. Robert L. F. Sikes (D-Fla.) said Japan's "shocking failure" to use American-trained troops to 'safeguard President Eisenhower's now-cancelled visit raises a question whether most U. S. Allies can be counted on to use their troops on America's side.

## School Board Orders Appraisal Of Nichols Site

In an adjourned regular meeting Thursday evening, the Palm Springs Unified School District Board instructed superintendent Dr. Dwight E. Twist to proceed with obtaining an appraisal, Planning Commission approval, and California Aeronautics Commission clearance on a proposed new junior high school site facing Vista China and Avenida Caballeros.

The rectangular site, recommended by state and county school planning authorities, is owned by realtor Culver Nichols.

Other action included transfer from the undistributed reserve to administration fund of \$5,000; \$6,000 to operation and other expense, and \$300 for food service.

The board and administration reviewed a preliminary budget which would require approximately \$2,596,000, with revenues of \$2,503,000 plus, or \$2,598,900 is an allowable tax is levied to care for certain fixed costs of retirement funds required by state law. The administration is revising the budget proposal to provide the balance recommended by Dr. Twist, although the administration pointed out that a "deficit" budget would not exceed revenues and carry-over.

## WEATHER

Desert area forecast: Some high clouds but mostly sunny today and Saturday. Slightly cooler northern valleys today. High temperatures today 95 to 110. Yesterday's high was 108, the low 73.

A CAVALRY TROOPER in the 1880s, Ulysses S. Oles, third from left, standing, is shown with his troop mates during his first enlistment sometime between 1880 and 1884. The photo was taken at Winfield, Kan., near the headquarters of the Fifth Cavalry Regiment. Oles became a sergeant, and helped open the Cherokee Strip in Oklahoma territory for homesteading. At the time of his death Tuesday, Oles was the oldest member of the Regular Veterans Association.

## COLORFUL LIFETIME OVER, U.S. OLES LAID TO REST

By PEYTON CANARY

Funeral services were held at 10 a. m. this morning for 96-year-old Ulysses S. Oles, a rugged former frontier cavalryman who helped open a new territory and became friend to an Indian chief.

The services for the soldier who was retired more than 65 years ago were held in the Wiefels and Son Chapel here, with the Rev. Fred H. Strathdee, pastor of the First Methodist Church of Indio, officiating.

THE VETERAN, a native of Michigan, enlisted for cavalry service in 1880, and saw service with the famed Fifth Cavalry Regiment. During his service, he led missions to Indian leaders, and served with Gen. Nelson A. Miles, who negotiated a treaty with upper plains states Indians. He was a friend of White Shield, war chief of the proud Cheyenne Indians.

In 1893, Oles was a member of the military group which officially opened the Cherokee Strip in the then Oklahoma Territory to settlers. He was retired from the service in 1894, after having

been blinded by alkali dust on cavalry patrols.

While in active service, Oles was recommended for commission, which he did not accept. He did serve as regimental supply sergeant during one period, and was dubbed "Chuckaway Chief" by the Indians. He also developed an awesome facility with long cavalry sabers and guns. The old soldier reportedly once held every marksmanship medal available in his units. Natively left-handed, he fired with six-guns in both hands from horseback in a competition known as "running the gauntlet" at full gallop. Oles could hit six-bulls eyes with this snap-shot technique.

THE HARD riding field soldier was remembered also for his gentleness. When the Cherokee Strip opening neared, settlers streamed in to the banks of a small river marking the east boundary of the land. With fast saddle horses and light buggies, they poised for a dash to mark out their homesteads. Sergeant Oles and his troop noticed one young couple, with heavy wagon, all their worldly goods, and small children, waiting for the race for land.

The troopers—who had memorized every fold in the land from hours of saddle patrol—arranged to guard the young settler's wagon and family, and pointed out the best prospects for him, as he set off riding one of the sturdy draft horses. Family and all, the farmer got an even break with the dash for new land in the frontier country.

SERGEANT OLES went home to Marion, Mich., on leave during his final duty. While skating on the village mill pond, he saw the new young school marm, Blanche, fall through the ice. He rescued her—and soon they were engaged. After he was discharged for blindness, they were married. Their oldest son, Floyd, now a retired reserve lieutenant colonel with service in both World Wars, was a year and a half before

the couple moved to Palm Springs a year ago. Until his illness four months ago, the keen old gentleman cared for himself, and dictated letters of political advice to his son Floyd, who was Eisenhower chairman in Washington during the past presidential campaign. The long-retired frontier soldier was an ardent admirer of the Kansas farm boy who became a general and then President of his country.

OLE'S IS SURVIVED by his widow, Mrs. Blanche Oles of Palm Springs; two sons, Floyd Oles, Tacoma, Wash., and Robert A. Oles, Hurricane, Utah; three daughters, Mrs. Rachel E. Bull, Palm Springs; Mrs. Margaret Scheauer, San Fernando; and Mrs. Lois Merkley, Inglewood; and eight grandchildren and 11 great-grandchildren.

Interment was in Desert Memorial Park.

HE HAD A KEEN interest in politics, and never missed accurate predictions on every national election since before the turn of the century," his sons reported.

Oles lived and worked in the real estate business in Los Angeles for a decade, returning to Washington state. He then moved to Desert Hot Springs, where he and his wife lived seven years.

THE NATIONALIST Chinese Defense Ministry in Taipei said the Communist barrage lasted for an hour and 50 minutes. It started at 8 a. m. e. d. t. and ended at 9:50 a. m. e. d. t.

A defense ministry spokesman said the nationalists did not return the fire.

MEANWHILE, it was learned that the President believes that the Communists made his Japanese trip impossible in the same way the Kremlin wrecked the Paris summit conference, with most of the direction coming from Peking.

The President was reported not overly discouraged about the circumstances which forced cancellation of his visit to Tokyo.

Out of Coma Now

PARIS (UPI)—"I've had enough. I've had enough."

THE despairing words came from famed French chanteuse Edith Piaf in a barely audible whisper from her bed in the American hospital in suburban Neuilly.

SHE HAD JUST fought her way back to consciousness from a two-day coma from which friends had not expected her to survive. She wept softly. Then she fell into a normal, quiet sleep.

The diminutive Miss Piaf, 44, creator of the song "La Vie En Rose," loved by the French people as their "Sparrow" of the

Paris streets, had indeed had enough.

IN FEBRUARY, 1959, she almost died under a surgeon's knife in New York's Presbyterian Hospital. Returning to France, she went on a strenuous tour of the provinces that ended in December in a series of collapses—some of them on the stage.

Over Christmas she underwent treatment for nervous exhaustion. On Jan. 6 she had a relapse and went back to the hospital.

Her latest came a month ago. All were related to the liver trouble that has plagued her for years.

HEIRESS, SOLDIER HAVEN'T SET DATE FOR THE WEDDING

BITBURG, Germany (UPI)—Army specialist Wiley Lockamy said Thursday night that he and heiress Nanette Wallace have not set a wedding date.

He told UPI by telephone that reports the wedding might take place Saturday "are just rumor."

"It might be two or three weeks," said the handsome, 23-year-old Army missile repairman who eloped from the Riviera last month with Nanette, 18.

## 2 Explorer Scouts Gain Scholarship

Kidston, Michell Awards Go to Michel, Nytes

Two Palm Springs Explorer Scouts this year received scholarships from trust funds established for this purpose by two men who were active in community affairs here for many years.

The William Kidston Memorial Fund award of \$300 was presented to Eagle Scout David Michel of Post 39. This fund was established some years ago through the will of the late William Kidston, a long time resident here.

THE INCOME from this trust fund is administered by a local committee on behalf of the Riverside County Council, Boy Scouts of America, for the benefit of Scouts in this district. The \$300 first year grant is generally followed by a second year award of \$200.

For the first time this year an award was also given from the Clinton Mitchell Scholarship Fund. This was established by Clinton Mitchell, a former resident, who will be remembered for his active interest in the Community Church of Palm Springs, the Rotary Club, Community Chest and many charitable activities.

Members of the committee in charge of both scholarships are Carl G. Lykken, Jacques B. Crommelin, F. Thomas Kieley, N. H. Curtis and Herbert Samson.

Applicants for both awards are judged on their contribution to Scouting locally, their high school record, church participation and their extra-curricular activities.

THIS YEAR THE award, also for \$300 was presented to Tom Nytes, also of Post 39.

Members of the committee in charge of both scholarships are Carl G. Lykken, Jacques B. Crommelin, F. Thomas Kieley, N. H. Curtis and Herbert Samson.

Applicants for both awards are judged on their contribution to Scouting locally, their high school record, church participation and their extra-curricular activities.

## U.S. Population At 179-Million In Census Total

WASHINGTON (UPI) — The U. S. population totalled about 179,500,000 on April 1.

The Census Bureau, in reporting the figure, said it may be revised upward when the 1960 head count is completed.

The total was based on a preliminary count in the 50 states and the District of Columbia, which produced a figure of 177,733,190.

But the census bureau estimated the higher figure on the basis of the number of persons persons counted away from home counted too late and members of crews of U. S. military and merchant ships.

A final national total will be announced in October when tabulations have been completed.

The new totals compared with a 1950 population of 151,325,798.

With only 6.4 per cent of the United States has 45 per cent of the trucks in the world and 66.1 per cent of the cars.

## JAMESON PRAISES AID OF CAMPBELL

Charles Jameson, Republican Congressional nominee from the 29th District, this week welcomed the promise of personal support he has received from Leonard Campbell, who finished second to the Corona city councilman in the recent primaries.

"Campbell fought a good and worthy campaign," Jameson recounted, "and I know that I'll need his support to win in November."

THE TRIUMPHANT GOP nominee offered his thanks to the "volunteers who worked so enthusiastically in the campaign and to all those who voted for me."

"I'm especially grateful to the people of the Corona area for the

majority they gave me," he continued, "because it's my home town."

TURNING TO D. S. Saund, the incumbent, Jameson leveled his campaign guns at the Congressman for:

"1. His disrespect of the opinions of district farmers who wanted to tell him their opinions on education.

"2. The fact that Saund no longer lives in the district.

"3. The fact that Life Magazine has questioned Saund's ethics in handling the expenses of his widely publicized trip to India.

"4. AND MOST important, Saund's left-wing socialistic voting record in Congress."

"Free enterprise, not socialism, made our country great, and that's the message I intend to carry all over this district," Jameson said. "It will be a hard job to win in November, but we'll do it in spite of Saund's labor boss money, and his national and worldwide publicity."

## Gas Taxes Aid State Highways, Says Backstrand

ASHEVILLE, N. C. (UPI) — California enjoys its excellent highway system because of increased gasoline taxes, state Assemblyman Lee M. Backstrand (R-Riverside) told a Governors Safety Meeting Wednesday.

Backstrand said that after World War II California turned to long-range, statewide surveys of deficiencies in its highway program. From the studies, it established priorities and proposed to increase the gas tax.

Better highways, he said, mean fewer accidents.

"At first," he told the session, "there were howls about the higher taxes. But now the citizens are enjoying the benefits of the highway program."

California will have 120 per cent more people in 1980 than it does now, he said, and 2½ times as many cars.

To handle the expected increase, the Legislature approved a \$2,500,000,000 program last year to carry through 1980, he told the governors.

### Like Dad, Like Son

MINNEAPOLIS (UPI) — Many people are bad drivers because their parents were, says E. Ray Cory, president of the Minnesota State Automobile Association.

"The youngster who has watched his parent for many years flout traffic laws tends to grow up with an understandably irresponsible attitude toward his driving," Cory said.

### He Waited

VERMONTVILLE, Mich. (UPI) — Forty years passed before William Mossman, 69, Vermontville, received his World War One Purple Heart.

Mossman, served with the 26th division in France. During the battle of St. Mihiel shrapnel struck his left ear.

Mossman applied for the Purple Heart three years ago. It arrived recently.

## PSHS Annual Delivery Will Be Late

'Economics' Cited As Reason by L. A. Publisher

The 1960 "Chia," yearbook of the Palm Springs High School, will be the biggest in the history of the publication but may not be delivered until next Thursday, a spokesman for the Mirro-Graphic Publishing Company in Glendale informed the school district yesterday.

Original delivery date for the books was May 28, and subsequently revised to June 5.

A ROUTINE CALL by a faculty adviser June 3 was the first indication here that the Palm Springs annual might be delayed beyond the graduation date.

A Mirro-Graphic spokesman "indicated that larger schools were given priority because of the economics involved," the school district announced.

THE YEARBOOK IS sold to subscribers below cost through the support of businesses within the school district. All funds for the publication come from advertising and subscriptions.

An autograph party is still planned by the high school staff, with the time and date to be announced. The books will be mailed to subscribers who are out of the district at the time of distribution, the district office announced.

Car and truck drivers in the United States currently travel about 700 billion miles annually, according to the Automobile Manufacturers Association.

## ALMANAC

By United Press International  
Today is Friday, June 17, the 169th day of the year, with 197 more in 1960.

The moon is approaching its new phase.

The morning stars are Mars, Jupiter and Saturn.

The evening star is Mercury.

On this day in history:

In 1775, 3,500 British soldiers attacked one thousand American patriots on Bunker Hill.

In 1882, Igor Stravinsky, Russian-American composer was born.

In 1928, Amelia Earhart became the first woman to fly across the Atlantic Ocean when she took off from Newfoundland as a passenger in a plane piloted by Wilmer Stultz.

In 1930, President Hoover signed the Hawley-Smoot tariff bill.

In 1954, the Senate subcommittee investigation of the Army-McCarthy hearings came to an end.

In 1954, Rocky Marciano retained the world heavyweight boxing title when he beat Ezzard Charles.

Thought for today: U. S. President Herbert Hoover said: "Older men declare war. But it is youth that must fight and die."

## Safecrackers Get \$530 in Indio

INDIO — City police here are sifting evidence in a search for burglars who slammed open an office safe with crowbars and 12 pound sledgehammers, and escaped with approximately \$530 from the Carnation Company distribution office here last night.

Chief of Police Pat Cunningham reported that the burglars made their entrance over a loading dock, and broke open two doors to the office. The big office safe was rolled from office to another, and pried with sledgehammers and crowbars.

## Children You Can Help

Deaths by poisoning are declining, but there still are a sufficient number of youngsters—and older people too—who are killed each year to alert local residents to the many dangers around the home.

Very young children account for about one fourth of the 1,400 deaths each year from poisoning by solids and liquids, according to statisticians of the Metropolitan Life Insurance Company.

The death rate is particularly high between ages one and two, drops to a minimum during the school ages, and rises to a secondary peak at ages 45-64.

Under age five, drugs and medicines (other than barbiturates) are the most frequent killers. More than half the deaths from aspirin and other salicylates are among children in this age group.

Among the other causes of fatal poisoning in the pre-school group are kerosene and other petroleum products,

lead and its compounds, and household pesticides containing arsenic compounds or other lethal ingredients.

The major causes of death among children are listed above. Now is the time to remove any possibility of tragedy befalling any member of your family, or of visitors to your home.

Older persons can take care of themselves—usually. Leading cause of death in the 25-64 age group is barbituric acid and its derivatives, with wood and denatured alcohols ranking second.

More than 80 per cent of the alcohol poisoning deaths are among males, while the barbiturates take a somewhat greater toll among women.

Curiously, California residents account for about one third of the reported deaths from barbiturates in the United States.

There are the causes. Children you can help. Adults will have to save themselves.

## Perfection - - Next World

WASHINGTON, D. C. —From now on in this election year we can expect to hear periodic blasts for "equal time" on the airwaves whenever one politician is painfully gipped by another. In the same vein, we will constantly hear that the "air" belongs to everyone, ergo the TV-radio networks ought to supply the major political parties with free outlets.

This whole package of thought is bogus — but it's amazing how many otherwise sensible persons are falling for it. Perhaps they would not embrace this bundle so freely if they knew what other arms have been around it.

IN APRIL, AT the Second Inter-American Conference for Democracy and Freedom in Caracas, Venezuela, the notorious Dr. Cheddi Jagan proposed something like "equal time" in the newspapers for official persons and governments that felt themselves injured by published reports.

Dr. Jagan, the pro-Communist leader in British Guiana, is purported to believe that "freedom" of the press requires the kind of law which would make letters - to - the editors compulsory instead of complimentary publication material.

Fidel Castro has instituted a similar practice in Cuba. In Trinidad, a furious politician recently held a ceremonial burning - in - effigy of the Trinidad Guardian, causing a more reasonable politico of the same island to remark in print:

"THE QUESTION we must ask ourselves is what this ceremony of burning would have meant if Trinidad and Tobago had the full internal self-government (or is it independence?) Dr. Williams wants, and he could do just as he wished with the Trinidad Guardian?"

Here was an instance where "imperialism," as the Communists like to call all the British-American offshore activities, saved the people's freedom from a would-be tyrant. It upheld and preserved a newspaper which might, the very next day, be attacking the powers - in - being. It is usually the same with large corporate "empires," including the TV-radio networks. They are often strong enough to resist the government itself, as they should be, and are often big enough not to fear sudden squalls of public disapproval.

IT IS ONE of the ironies of our age that do-gooders seem to become the most virulent of wrong-doers, and that self-conscious apostles of "freedom" so often become the cats-paws for Communism, the century's greatest scourge of human liberty.

This same Conference for Democracy and Freedom was not, as might be imagined from the title an official affair. It was planned and organized by a group of over - intellectualized liberals from New York. The State Department has described the Conference for me as a "debacle" and "farce." The Communists dominated it by

their accustomed practice of getting up earliest and working hardest.

BASED ON a magazine report by Paul Hays, who attended the Conference, this is how subject matter was handled: Discussed — Rightist dictatorships in Nicaragua, Haiti, Paraguay and the Dominican Republic.

Not Discussed — Leftist dictatorship in Cuba and the role of Communism in undermining democratic governments in Latin America.

Accepted — A resolution which classified Puerto Rico as a "colonial problem" and recognizing the island's right to "self-determination."

Rejected — A resolution (and others like it) which condemned totalitarianism "whether Fascist, Communist or Falangist."

THIS IS THE sort of bobby trap into which American liberals, after years and years of witnessing Communist tactics, are still walking. It's time they grew up. They are experienced enough to acknowledge that freedom doesn't exist in any pure, uncontaminated form.

We are always going to have political and corporate empires. Dictatorships will never vanish from the earth. In every public debate, somebody is always going to get in the loudest or latest word. Perfection belongs to the Next World.

The census count  
Will end this week,  
The final game  
Of hide and seek.

A special crew of enumerators is in town this week to mop up our dragging nose count. Some of you may have to answer the doorbell again and reiterate what you first told them. But it's worth while.

THE CENSUS COUNT is of most importance. Not only is it a matter of pride in the growth of the community but it also is the chief factor in the various state apportionments.

There was a time when Palm Springs was the second city in size in Riverside County then Corona took a special count and out-nosed us in a photo finish.

IF WE ALL cooperate with the enumerators, we might make it again. Of course, there are some of the old old-timers who would just as soon have us stay small.

But, you can't impede progress. (Which reminds me of something I read in the Cincinnati Enquirer the other day: "It's getting so 'progress' is the signal for people to start figuring how much it is going to smash up their lives.")

BUT IT OCCURS to me that, if we can have a special crew here to wrap up the census, why can't we have a special time to do it?

Instead of starting in April like all the rest of them, start the count in January? That is when all of the people who make Palm Springs their home, are here.

RIGHT NOW, many a bona fide Palm Springs resident, gainfully employed here nine months a year, is at a summer resort, similarly so occupied.

Rather than collect unemployment insurance, they take off soon after June 1 for Tahoe, the San Bernardino mountains, Yosemite, Russian River, even far-off Yellowstone, to work until fall when they'll all be back, permanent residents of Palm Springs.

If they were missed in the first count, they'll surely be missed this week. They're not here.

HAVE YOU BEEN OUT to watch the Little Leaguers in action? This is a good week to start if you haven't. For it is Little League Week.

In Palm Springs more than 300 kids in the 8-12 year bracket are participating in Little and Minor League activities. More than a million are so engaged throughout the nation.

IT ALL STARTED not too many years ago with a small band of 38 youngsters.

It has been a great thing, laying the foundation for sturdy citizenship while providing wholesome fun and recreation.

Many prominent men have aided the movement in Palm Springs. The list would fill much space.

And you can help, too, by backing the kids.

## STAN DELAPLANE:

## '.. the Harder They Fall'

Everybody was all shook up the other day when the advance census figures came out. San Francisco LOST people on the Federal count down. So did New York. I guess some other cities lost citizens to the beckoning suburbs.

WELL, FOR YEARS and years the Chambers of Commerce have whooped and howled: "Watch us grow!" And it was a shattering thing to find we are actually shrinking.

Nobody knows how to act in such circumstances. And the newspapers had to grab the situation before it got panicky. Thank your lucky stars, people, for a free-wheeling press.

THIS IS A situation which never rose when I was molding public opinion for the dailies. Oh, we had a few shirkers and radicals who moved to the suburbs. But we just said, "Good-bye and good riddance." We were still growing. And there were jokers in the night clubs, always good for a laugh.

"I was out with a girl the other night — she comes from San Jose, etc."

IT WAS COMICAL to think of going out with a girl from San Jose.

Now, by the latest figures, it appears that San Jose, Calif., is growing like crab grass. It will not only outnumber San Francisco; Los Angeles had better watch out.

By 1970, both California cities will be known as part of "Greater San Jose."

I DON'T KNOW what they did in New York. But San Francisco faced this as admirably as you could wish.

We feel SORRY for San Jose, that is the way we feel. "Who wants to be big?" we said. "You can be TOO big."

We pointed out (or are going to — that is what I am doing right now), that there is a lot to be said for being small.

IT IS VERY "in" to be small these little days.

## MIKE CONNOLLY:

## Back on Suspension

HOLLYWOOD — Wayne (Colt '45) Preston has been put back on suspension at Warners. And the only way he can get off is to pay back a loan the studio claims to have given him! Sounds kind of silly. Why doesn't the studio deduct a portion each payday?

Walter Brennan's record of Dutchman's Gold has become such a hit that he's starting to record another called Grampa. This one is also a recitation.

DONALD O'CONNOR says he's not in a hurry to sell his series. Here Comes Donald on a lease deal. Only wants to sell it outright for capital gains. Made back in 1955. It's not going to get easier to sell unless he wants to hold it another 10 years! For Father's Day, Ricky Nelson gave his Dad's credit card back to him! You'll be seeing a lot of Lana Turner on TV in a short time. She's making an extended tour of the East to drum up trade for her movie, Portrait in Black.

WHEN PAT BOONE moves his Cooga Mooga offices to Hollywood on July 10 he'll be all set up to start rolling with at least three TV series. Two will be comedies and one a private eye type.

Spike Jones and his producer, Bill Dana, are so intent on making their Spike Jones Shows great, they'll have to go right on through the fall season! With that kind of confidence, you can lay odds.

Steve McQueen started growing a beard for Wanted — Dead Or Alive, but his sponsors screamed bloody murder. With all things, there's a compromise — Steve will wear it for the first episode for audience reaction.

WITH THE SCRIPT shortage such as it is, CBS rummaged back into their files of Doble Gillis for the segment, Almost a Father. It was shelved for being too risqué but you'll see it July 3. — slightly revised. Red Skelton says he's finally

found out what causes divorces ... Marriages! For Dean Martin's birthday the other day, Elvis Presley sang Happy Birthday. Dean also received a 6-foot-high birthday card cut-out of Elvis! The Cuhnel Parker is in there somewhere. And to round out the Martin birthday hijinks, Dean's producer, Hal Wallis gave Dean a print of Jerry Lewis' latest movie, The Bellboy. Perhaps that was half in jest and then again it might be a nudge to get Dean and Jerry back together again in movies now that they half made up as friends.

MARIO LANZA's parents are receiving a gold record for their late son's million selling album of The Student Prince. This is the movie Mario bowed out of after he'd recorded the songs. Stanley Kubrick who's insisting on making a movie out of Lolita, seems to have found the girl in the person of Pat McNulty, She's 21, a recent mother BUT she looks 14!

THIS IS TONY Curtis talking: "I don't care about those pseudo-intellectual snobs who are just discovering me in movies. The only ones I care about are the fans who have stuck with me all through the years of bad pictures." Ross Hunter, in making the movie version of Flower Drum Song, is lining up his cast of Jimmy Shigeta from Las Vegas with members of the stage company, Juanita Hall and Jack Soo. All depart for Hong Kong when Ross gets the go-sign.

STU WHITMAN is going to become a star in spite of himself. He's getting his second starring role in Sanctuary because Paul Newman can't fit it in his schedule. Stu got his first starring role in Story of Ruth when Stephen Boyd couldn't do it. Milton Berle knows a musician who spent all week working on a new arrangement. Then his wife didn't go away for the weekend after all.

SIGN OF TIMES LONDON — On the railroad platform where through trains now originate for Moscow is the following ad for a theater farce: "Simple Spymen"

LOUD VOICE OF LAW NEW YORK — The law has a long arm — and a loud voice. Patrolman Desmond Burke pursued two men in a stolen car with a Sanitation Department loudspeaker-equipped station wagon blaring, "You'd better stop," and caught them in a traffic jam.

FAITH RESTORED PORTSMOUTH, England — Company director Ernest Brewer said his faith in human nature was restored when he received an unsigned letter containing \$33.60. The letter said the \$33.60 was money "I stole from your father 30 years ago."

RED-FACED DETECTIVE

DALLAS, Tex. — Someone stole a sign from the Dallas central police station the one that had hung over the door of the burglary and theft division.

SOFT TOUCH LONDON — A two-engine RAF plane tore through telephone lines and ripped up the roof of the warehouse on which it landed. Four men climbed from the plane unharmed and not one of the one million eggs in the warehouse was broken.

NO TIPPING PLEASE FORT WORTH, Tex. — Bad check artist Scott Evans won a reputation as a big tipper among bellboys at the motel where he paid a \$360 bill with a rubber check. Criminal Judge Dave McGee sentenced him to two years and said, "At the state prison you will get free room and board, and incidentally, there is a no tipping rule."

Palm Springs Fire Department was summoned to the Builders Supply this week, when the dump there caught on fire at 11:20 p.m., Monday. It took three hours before it was completely out.

JUNE 17, 1930

R. Lee Miller, designer and builder of desert homes, has just completed plans for a very unique home for Mrs. L. Verda Jordan of Los Angeles, in Tahquitz Desert Estates. The new home will be of pueblo architecture, resembling a primitive structure. It will be built of native stone, and will blend into the rocky hillside. It will be a massive structure, with a living room even larger than the one in the Heigho home announced here last week. The living room will be 28x48 feet in size.

# Around Town

... with Hildy Crawford

In the good old summer time (never mind what the calendar says ... the thermometer says its summer) ... the swimming pool becomes a social center in Palm Springs ... Always a focal point for

al fresco entertaining ... with pool-side luncheons, brunches, cocktail parties and dances popular almost year around ... the parties are likely to move right into the pool for the next few months ... as Palm Springs goes native ... It's no trouble to find enough people for a party ... but it changes from one day to the next ... Like for instance ... it was rather amazing ... how many of the Thunderbird golfing gals were still around this week ... when Kay Obergfel and Roberta Sibbert decided to get them together for a bon voyage party for Jane Wade ... who's off to Europe this weekend ...

Some have scattered ... Barbara Hinkle was off to Tahoe that very day ... Judy Howard and Ruth Manseau to LaJolla ... Louise Nicoletti to Rancho Santa Fe ... Georgina Poston was there (she's going to Carmel soon) ... Margaret Manasse and Mildred Brown ... Kay Morris (they think they will leave Sunday for the Orient ... but may still change their minds) ... Blake Corliss and June Clark ... Helen Kenaston's in town ... but had a painting date at John Morris' studio ...

June is just as likely as not to fly east this weekend ... to watch that Cinderella horse of hers ... King O' Turf ... run at Aqueduct on Saturday ... The King was a Salma-gundi colt that June picked up at a yearling auction for around \$3500 ... and to date he's won \$100,000 ... Saturday he'll be running for \$50,000 stakes ...

Kay Obergfel was party hostess ... but moved the party over to Roberta's house because she has a pool ... There was a wonderful salad luncheon ... and going away gifts ... and picture taking ... cocktails and swimming and conversation on the patio and around the pool edge ... so that the luncheon hour extended to the dinner hour ... and beyond ... with Kay

and Roberta having dinner at Lee Berings around 11 ... Ethel and Jack Luccareni closed their Smoke Tree Ranch home in mid-week ... and left for LaJolla ... where they've taken a place for the summer ...

Met Elsinore Machris and Orph Frank for luncheon at Howard Manor the other noon ... and Elsinore told us about her plans for this summer ... when she and John Haskell are going abroad again to complete arrangements for that giant traveling show ... which will benefit the blind in France and Spain ... and City of Hope in this country ...

Preliminary work on this project ... which was started last year ... was done when the two had luncheon in Los Angeles with S. K. Patil ... minister of food and transportation and member of the Indian Parliament ... He is the man who made the deal with Eisenhower for a billion six hundred million dollars worth of wheat for India ...

Mrs. Machris expects to be abroad several months ... and may go on around the world before returning home ... She won't be leaving though ... until late in July ... and is paying

Mrs. Oscar (Gurli) Gilbert, who with her husband run the Town & Country restaurant in The Center plans to leave soon for Santa Cruz where her husband is operating the Pasatiempo Inn for the summer months. The Town & Country is closed until September.

July 25th Mrs. Gilbert will fly to New York to meet her sister, Brit Johnson, who lives there, and together the two will fly to Paris where they will spend a week before going to Copenhagen for a few days. From there they will go to Sweden their native country where they will visit their sister and her family.

Mrs. Gilbert plans to return directed to Palm Springs in time to see their daughters, Mary and Margaret, who will spend the summer in Santa Cruz, off to school.

## Slaughters Off to Europe

Combining business with pleasure, the Warren Slaughters and their three eldest children, Sheila, Donald and Noreen, left yesterday morning by jet for Europe. They left their youngest, three-year-old Jim with his grandparents, Mr. and Mrs. E. T. Slaught-er of Covina.

The Slaughters' itinerary includes London, Paris, Lucerne and Rome where Slaughter has business commitments. They will also visit the shrines at Fatima and Lourdes. They plan to be gone a month.

MR. AND MRS. LEO VOLZ (she is the former Patricia Hayhurst, shown as they cut their wedding cake, following their marriage on June 10.

## Patricia Hayhurst Bride of Leo Volz on June 10th

Patricia Hayhurst, daughter of Mr. and Mrs. John Hayhurst of 906 Grove, Cathedral City, was married to Leo Volz on the evening of June 10, with Judge Merrill Brown officiating.

White daisies, roses and gladioli decorated the home of Mr. and Mrs. William C. Boyd in the Satellite apartments, where the wedding took place.

Given in marriage by her father, the bride wore a white lace sheath, and a small satin bandeau held a tiny veil in place. Her corsage was of white carnations and carnations.

Attending her, Sandra Schmidt wore pale yellow sheath and her corsage was of white and yellow carnations.

Anthony Voz attended his brother as best man.

The bride attended school in Palm Springs and will complete her course at the Riverside Business College in September, when

the newlyweds will go to Kansas on their honeymoon trip.

The bridegroom, son of J. A. Volz of Garnett, Kansas, is a graduate of Garnett High School and employed as a roofer.

A four-tiered cake was cut and served with punch at the reception, which followed the wedding. The bride's mother wore a blue silk ensemble with yellow carnation corsage, and the groom's foster mother Mrs. Boyd, wore a tangerine carnation corsage with a tan sheath dress.

MARK DAMON HAS himself a little chat with Harry Ellerbe, butler for the House of Usher in a moment from "Fall of the House of Usher" which is scheduled for the international premiere treatment at 8:30 p.m., tomorrow, in the Plaza Theater here. Film stars Vincent Price and Myrna Fahey with the two shown above and a wide variety of ghosts. Some tickets are still available at Palm Springs Drug, Ramon Drug, at the Plaza box office or at FA 9-5271.

## AFTER SUN-SET

### Celebrities Due for Premiere

By GEORGE LAINE  
A portion of the large celebrity crowd due for tomorrow night's international premiere of "Fall of the House of Usher" — a benefit premiere, actually, with the Teen Angels of Angel View Crippled Children's Foundation the recipients — is scheduled to begin arriving there this evening and tomorrow for the big event.  
And if you can't pick one of your favorite actors or actresses out of the oncoming horde, you simply don't watch TV, movies or stage plays.

CATHY NOLAN, a pretty little thing who endeared herself to Ferrall's Playhouse audiences again this past theatrical season, will be here and so will John Saxon and Susan Kohner and Tuesday Weld and Cliff Robertson. All of these people have been part-time (or casual) Village visitors in recent months and it'll kinda be like having some old friends back.  
We'll also have some new friends around in the person of such as Edd "Kookie" Byrnes, Duane Hickman, Doug McClure and Judi Meredith, Jock Mahoney, Maggie Pierce, Mike Landon, Fabrizio Mioni, Barbara Luna, George Hamilton, Nicolai Morados.

OF COURSE, MARK DAMON, who actually got this entire premiere off the ground, will be on hand. In fact, Mark will probably be regarded as the No. 1 lucky guy in town about 8:30 tomorrow night. When the young star heads for his seat at the Plaza Theatre, he'll have Myrna Fahey — one of his co-stars — on one arm and the winner of the "Date With Mark Damon" competition (which is being run by the Teen-Angels as a sort of ticket selling impetus) on the other.

American International Pictures, producers of the film, are also bringing "premiere busses" filled with press and some of the celebrity mass to our town.

THE ENTIRE SHOW — from pre-theater buffet at the Riviera to the Plaza showing to the post mortems afterward (done to the tune of "Viva La Fiesta" at the Hilltop for yours truly) bids fair to be one of the high points of our summer season.

And if you haven't got your tickets for the program, you can remedy that sad state of affairs by simply walking into the Palm Springs Drug Store, Ramon Drug's the Angel View Thrift Shop on Indian Avenue or by calling FA 9-5225. See you there.

NOTES OFF THE CUFF: New musical act breaks in tonight at the Hilltop Room . . . Better check 'em out . . . Pappy predicts great things around July 1 for his place, already one of the best-attended Clubs in the Village . . . Gary Crosby, out of action with a bad throat since last year, will open as a single Tuesday in the Flamingo Hotel at Las Vegas . . . Villager Jimmy Van Heusen penned most of the material for Gary, just as he did for the youngster's famous dad . . . Gary will also play the Deauville Hotel at Miami later this year . . .

### Ken Moore Duo At Hilltop Room

The Ken Moore Duo, one of the Southland's newest but best-received club acts, opens tonight in the Hilltop Room here.

The pair specialize in highly-stylized dance treatment for standards, show tunes and old favorites. The new musicians will join the combination of Raoul and Gustavo, mariachis, who are featured at the Hilltop Room.

THEY'VE GOT HEART, HAVE these members of the cast of the Palm Springs PlayStage production of "Damn Yankees," slated for premiere in the Riviera Hotel Convention Hall on June 30. From left—singing "You've Gotta Have Heart," hit of the Broadway musical—are Alfonso Maldonado, Tommy Pickell, Frank Barker, Sid Sandels, Bill Hess, Bernard Winarsky and Jim Benson. Tickets are available at the Riviera Hotel. (Desert Sun Photo).

OPERA TRAVESTY is scheduled as one of the high points of the Palm Desert Follies, which begins a twin weekend run tonight in the Shadow Mountain Club at Palm Desert. That's Dick Kite, Ella Lu Kapp and Stanley Sayles, left to right, in costume for their grand takeoff on grand opera. The production, done by the Palm Desert Players, will be presented at 8:30 p.m., tonight and tomorrow and again on June 24-25.

## THE LIVELY ARTS

### 'Kreutzer' Sonata: Is It Pornographic?

By GUSTAV ALBRECHT  
KREUTZER AND SPRING Sonatas with violinist Henryk Szeryng and Artur Rubinstein (RCA-Victor).

Leo Tolstoy was so convinced that Beethoven's Kreutzer sonata was sheer musical pornography that he wrote a novel, "The Kreutzer Sonata," to prove his point. In the novel a happy young wife on hearing the sonata, is so filled with conscience that she immediately has an affair. Thus Beethoven was responsible for breaking up a happy marriage. Tolstoy says that such music should be forbidden.

I ONCE TRIED out this theory, with disastrous results. The young lady enjoyed the music so much that she wanted to hear more — and more. The intended assignment turned into "An Evening with Beethoven." So much for THAT idea. (HINT: Try the Tristan und Isolde prelude, or Scriabin's Poem of Ecstasy.)

The present recording is, in all respects, the best I have heard of these two beautiful sonatas. Only a pianist of Rubinstein's stature can adequately cope with the technical difficulties of the first movement of the Kreutzer.

DEATH AND THE MAIDEN quartet with the Juilliard String

Quartet. (RCA-Victor.)  
This great Schubert quartet derives its name from the second movement variations on the famous song "Death and the Maiden." The Schubert "Quartettaatz" is also included on this excellent RCA-Victor disk.

Bartok: Music for Strings, Percussion and Celesta, and Hungary Sketches with Fritz Reiner and the Chicago Symphony Orchestra. (RCA-Victor).

This is one of the most ingratiating works by the still somewhat enigmatic Hungarian composer. Highly recommended for those who are puzzled by Bartok.

BERLIOZ: SYMPHONIE Fantastique with Montoux and the Vienna Philharmonic. (RCA-Victor).

The hangman's noose on the jacket lends an ominous note to this exciting new recording. The story behind the symphony is that of a young musician who takes opium, and dreams that he has murdered his sweetheart — and is carried to the gallows to be hanged. (Berlioz wrote the work to impress a young actress with whom he was secretly in love. The device worked so well that she soon became Mrs. Berlioz!)

France's greatest composer combines with France's greatest conductor to make this an exceptional recording.

# Souchak Leads Open

AFTER THE BALL GAME was over, the Palm Springs Rotary Little League team gathered with members of the Indian club which carried away a 13-7 win. Shortstop Chuck Hines, left, critiqued the action with Tommy Scott, who doubled in the fourth to send home one run, and tripled in the fifth to shoo in two more for the Rotarians. Alex Chambers was second sacker. From left, fourth

from left, were Billy Harper, Freddie Davis, and Charles Sheppard. David Dobbs began the Village action by stealing all bases after a walk. Joe Baldrean pitched for the Rotary club until the fourth when Lawrence McFarland took the mound, retiring the side in the fourth. Indo rallied for five runs in the fifth. (Desert Sun Photo).

## Strong Putts by Big Mike

DENVER (UPI) — Mike Souchak, the man of steel with the velvet touch, led them all into the second round of the U.S. Open golf championship today.

His three under par 68 in the first round Thursday gave him a one-stroke lead over two veterans who long have known golfing heartbreak—Little Jerry Barber and weather-stained Henry Ransom of Texas.

NOTED FOR HIS long hitting, Souchak used it to advantage. But his putting was the payoff in the opening round over the 7,004-yard par 35-36-71 Cherry Hills Country Club layout in the snow-capped Rockies.

Big Mike, the one-time Duke football star, put them away with his short game. He whipped those short irons up there with such impressive accuracy that he one-putted eight of the first nine greens. And only one of these putts was as long as 20 feet. And for the route he had only 26 putts.

"IT'S BEEN A LONG year," said the muscle man, who threw it away on the last round at Winged Foot Club in Mamaroneck, N. Y., in 1959.

There, paunchy Billy Casper needed only 124 putts to win this biggest of all golfing prizes. "They told me when I came here that this course wasn't built for long hitters like me," he added. "Well, let me tell you something: I was hitting 'em long, I was getting 'em close and they were going in the cup. Give me a better formula."

NOBODY HAD ONE. Because Mike whacked himself out a 31 on the front nine and it was only one stroke off the record open nine of 30 which amateur Jimmy McHale of Philadelphia posted in the 1947 Open at St. Louis.

There were other eye-opening developments in that sun-baked first round which drew 13,767 spectators, largest opening day crowd in Open history: —TOMMY BOLT, THE 1958 winner at Tulsa whose famed temper already has him under an indefinite probation, shot an 80 and withdrew after firing two balls—and his driver—into the lake on the 18th. It cost him a \$100 fine and possible future punitive action. He was put on probation by the Professional Golfers Assn. PGA for conduct "detrimental to golf." Actually it was for club-throwing.

—Sentimental favorites Ben Hogan and Sam Snead got off poorly. Hogan, seeking a record fifth win, carded a 37-38-75 and Slammin' Sam, second four times and at 48 "giving it one last big shot," carded a 35-37-72.

—The 4 to 1 favorite, Arnold Palmer, Masters champion and the year's leading money winner, got off slowly, too, with a one over par 36-36-72 which left him four shots off the pace.

**Cervantes Winner**  
LOS ANGELES (UPI) — Felix Pelon Cervantes scored a major upset Thursday night with a 12-round split decision victory over Ricardo Gonzales, the top-ranked featherweight contender from Buenos Aires.

## Fleet Nasrullah Top Weighted in Inglewood 'Cap

INGLEWOOD, Calif. (UPI) — Barring last minute change of mind, Fleet Nasrullah is scheduled to pick up top weight of 127 pounds at Hollywood Park tomorrow in the \$50,000 added Inglewood Handicap.

The likely presence of Fleet Nasrullah in the mile and a sixteenth race led a number of owners who had nominated horses for the Inglewood to switch them to the \$10,000 Daniel Freeman Purse on Saturday's program.

But a field of better than a half-dozen thoroughbred stars was indicated for the Inglewood, one of the major stepping stones to the \$162,000 Hollywood Gold Cup next month.

Scheduled to challenge Fleet Nasrullah again will be Howard Keck's Bagdad, Sea Orbit, Seaneen, Captain Kidd II, Eddie Schmidt and possibly Twentyone Guns and Royal Clove.

In today's featured \$10,000 Steel Service Handicap, Santa Anita's Handicap winner Linwood attempted a comeback after having undergone an operation for removal of a bone splint in his left foreleg.

## Cubs, Red Sox, Indians Win in Minor League

Scoring five runs in the fourth inning, the Cubs defeated the Tigers 9 to 6 in an afternoon Minor League game at the Polo Grounds.

Goru was the winner, and Jim Bunker took the loss.

In action last night at the Rodeo Field the Indians routed the White Sox 18 to 1, and the Red Sox defeated the Dodgers 9 to 3.

## RED-HOT PIRATES VIE WITH DODGERS

LOS ANGELES (UPI) — Having defeated one team from the state of Pennsylvania, the Philadelphia Phillies, the Los Angeles Dodgers tonight take on the league-leading Pittsburgh Pirates to test whether their recent hitting spree is the real thing.

The Dodgers Thursday night collected 15 hits in defeating the Phillies 10-6, and for the three-game series they totaled 43 hits in winning two out of the three contests.

AGAINST THE PIRATES the opening pitcher tonight is the star of the Dodger mound staff, Stan Williams, who is undefeated and has five wins to his credit. His probable mound opponent is Ver-

non Law, 9-2, one of the reasons why the Pirates are on top of the National League standing.

Two homers good for three runs each were the difference between the Dodgers and the Phillies in Thursday night's game. Wally Moon collected the first one in the third inning and Frank Howard got the other in the sixth.

THE PIRATES OPENED up a four-game lead in the National League with a 10-7 win over the San Francisco Giants; the St. Louis Cardinals downed the Cincinnati Reds, 6-5, and the Milwaukee Braves outslugged the Chicago Cubs, 10-7.

Over in the American League, the lowly Kansas City A's cooled off the seething New York Yankees with a 9-1 victory. Bud Daley dealt the Yanks the loss as he continued his red hot personal exhibition.

The Yankee loss permitted the Baltimore Orioles to reclaim first place by 1½ games on the strength of a 3-2 win over the Cleveland Indians. The Chicago White Sox whipped the Washington Senators, 10-4, and the Detroit Tigers scored a 10-inning, 6-5 win over the Boston Red Sox in other American League action.

## Junior Police Wallop 29 Palms

TWENTYNINE PALMS — The Palm Springs Junior Police of the Village Little poured on the steam against the Twenty-nine Palms Marine Base All-Stars to score a 22-0 victory last night.

Both teams are Little League entries in their respective communities.

**'International' Bout**  
NEW YORK (UPI) — Eduardo Lausse of Argentina and Marcel Pigou of France, two middleweight knockout specialists, meet tonight in a nationally televised 10-round bout at St. Nicholas Arena.

## DHS CLOSING GAP IN SOFTBALL LOOP

Desert Hot Springs forged closer to the Desert Softball League-leading Mexican Colony last night by routing the California Water and Telephone Company 18-4.

The victory put DHS a scant half a game behind the undefeated Colony team.

MORE SURPRISING was the dogged, 12-11 win posted by the previously winless Mazzula All-Stars against the well-regarded Coachella Valley Savings and Loan Association.

The win pushed the Mazzula team into a fourth place tie with the Phenomen and CVSLA.

The All-Stars had to go into extra innings to win the game even though they were outth 11-8 by the CVSLA team.

## U.N. HOUSING CONSULTANT RAPS SUB-STANDARD U.S. HOUSING

LOS ANGELES (UP) — A United Nations housing consultant estimates that there are approximately 12 million substandard non-farm dwelling units in the United States.

Charles Abrams, a member of the Board of Directors of the National Housing Conference, charged this week that the nation's housing programs, private and public, have failed to meet the demands for new homes.

His speech was a highlight of the opening of the three-day Governor's Conference on Housing, Gov. Edmund G. Brown, who will address the 1,000 assembled housing experts tonight, called the meeting to consider all phases of the housing field.

Abrams said the nation's housing needs are keyed "to the formation of a million families annually, plus those displaced by public programs, slum removal and immigration." He said a 70 per cent expansion is required to cope with the nation's housing needs, "and this appears far from likely under the most optimistic calculations."

His speech was a highlight of the opening of the three-day Governor's Conference on Housing, Gov. Edmund G. Brown, who will address the 1,000 assembled housing experts tonight, called the meeting to consider all phases of the housing field.

### Colton Firm Bids Low on Park Lot

The lowest of four bids for improvement of a county parking lot on Lime Street between 10th and 11th streets in Riverside was accepted by the Board of Supervisors this week.

The successful bidder is California Asphalt Co. of Colton. The bid, \$4,457.50.

## Colors Provide Contrast

A refreshing experience awaits the guests of the Ocotillo Lodge in Palm Springs, California.

Contributing to such an experience is the imaginative use of steel by Palmer & Krisel, A. I. A. architects and engineers of Los Angeles. In designing the main building of the luxurious 136-unit lodge, the architect exposed the structural steel members and painted them a brilliant fire orange to contrast with the white plaster finish on the building's exterior.

UTILIZATION OF structural steel sections to frame the 24-foot by 23-foot main entrance canopy permits guests to "alight" from their automobiles in the inviting shade of the \$3 million development. The registration desk is situated across the entrance hall from an invitingly cool planting area framed in rigid bents of steel.

Past the lobby is a short flight of stairs that leads into the dining room and cocktail lounge. This room features an arched glass expanse framed in steel that overlooks a shimmering blue swimming pool with the desert and mountains visible in the distance.

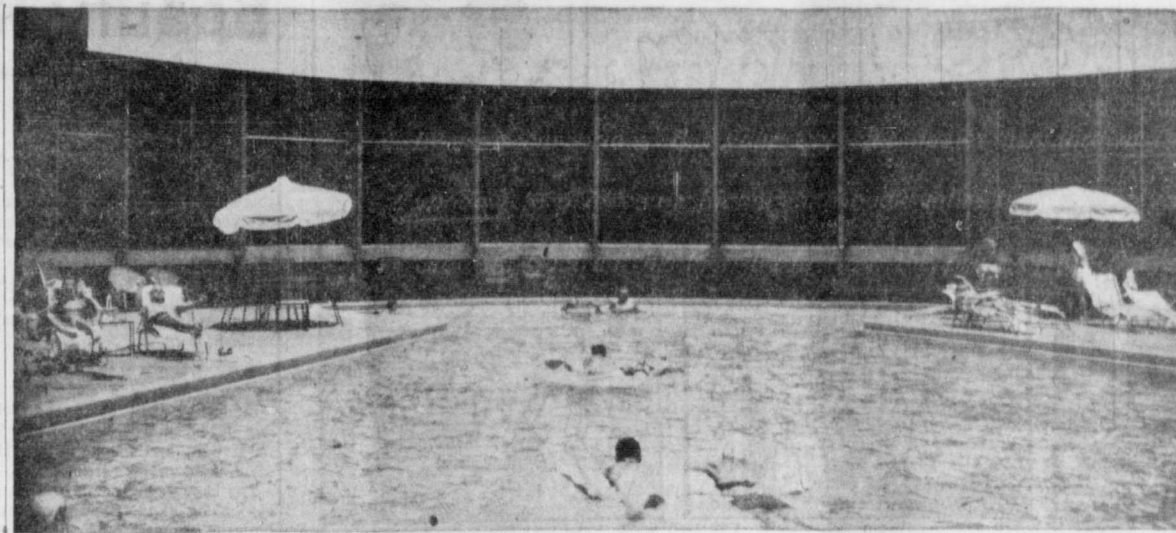

TO FRAME the entrance canopy, the architects utilized four 6-inch, 12-pound columns connected by 12-inch, 22-pound light beams. Ten-inch, nine-pound beams were placed 4 feet, 2 inches on center by Riverside Steel Construction, the fabricator and erector, to span between the two horizontal members. The webs of these beams were left exposed and painted fire orange as a design factor. Light beams, 12-inch 16.5-pounds were used to span the three bays, 45-foot by 12-foot open planter area. A clerestory window above the gallery dramatizes the entrance to the elevated dining room - cocktail lounge. This elevated area presents a dramatic view from either the inside looking out or vice versa. From either poolside or from a comfortable lounge chair, the building's clean lines are revealed by the fire orange steel columns which frame the room's arched glass expanse.

WITH THE USE of 10-inch 17-pound steel columns, the building forms a chord of 70 feet on a radius of 40 feet around the end of the 40-foot by 80-foot heated swimming pool. To provide a column-free room and an unobstructed view, nine of Bethlehem Steel's 10-inch wide flange 29-pound beams span the 32 feet from the room's front to connect to 4-inch, 13-pound columns placed 11 feet on centers in the rear. From the poolside, the structural columns placed 9 feet on center define the glass expanse. These columns are accented by a plaster shade panel extending four feet down from the roof line. The window module is repeated here by exposed webs of beams painted to match the structural steel columns.

### Calves Need Mother

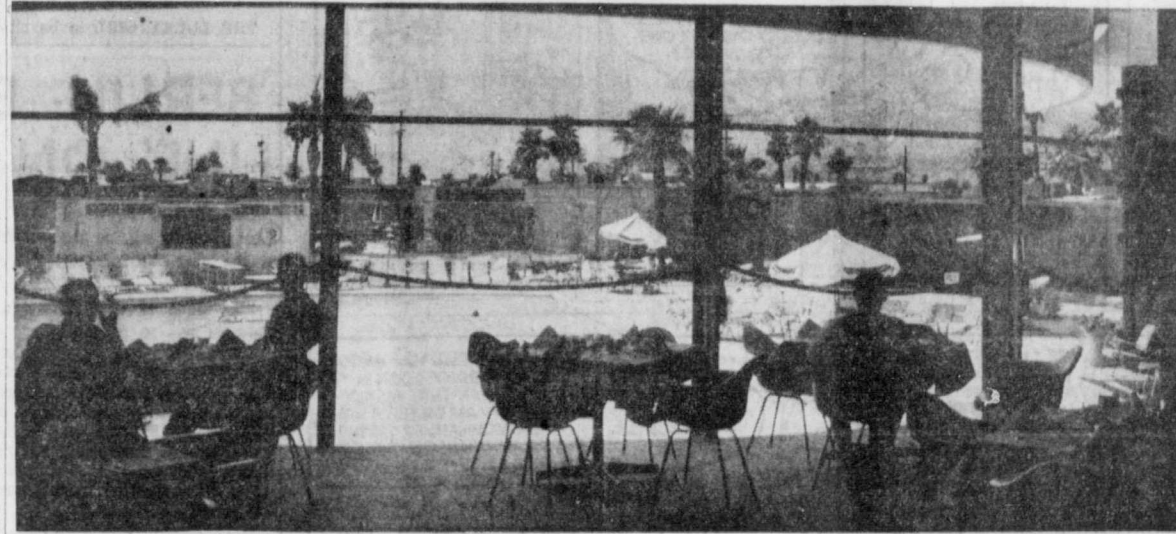

BURLINGTON, Vt. (UPI) — A University of Vermont veterinarian says "the farmer who takes a calf away from its mother right after birth is taking on the mother's job."

Dr. James Wadsworth said, "Most digestive troubles in baby calves can be traced to careless feeding. The sooner a calf learns to eat clean feed the sooner it can be weaned from milk."

FROM OUTSIDE, GENTLE sweep of the Ocotillo Lodge's dining room and cocktail lounge dominates this large swimming pool. One of Palm Springs' finest resort motels, the Ocotillo was designed and

engineered by Palmer & Krisel of Los Angeles. Riverside Steel Construction was fabricator and erector under general contract to George Alexander Company. Builders.

FROM INSIDE THE OCOTILLO Lodge's dining room, the blue water of the swimming pool reflects the dazzling desert sun. Notice the gently curved dining area and the broad glass expanse made possible with the use of Bethlehem Steel's structural sections. Pal-

mer & Krisel of Los Angeles were the architect and engineers for the project under general contract to George Alexander Company. Builders. Steel was fabricated and erected by Riverside Steel Construction.

## CV INDIAN LANDS UP FOR BID OFFERS

SACRAMENTO — The Sacramento Area Office of the Bureau of Indian Affairs, 2929 Fulton Avenue, P. O. Box 749, Sacramento, has issued an invitation for proposals for farm development leases on approximately 480 acres of unimproved agricultural land on the Augustine Reservation in the Coachella Valley. The proposals will be received until the close of business July 26, 1960, at this office.

The acreage is divided into four tracts, varying from 80 acres to 160 acres, and proposals may be submitted for one or more tracts. The Augustine Reservation is located about one mile south of Coachella, on U. S. Highway 99 in an area of highly developed irrigated lands. The lessee will be required to develop the land for agricultural production comparable to the surrounding lands and will bear the development costs.

The proposals are to provide an annual cash rental to the Indian owners of not less than \$10 per acre. Leases may be made for

a maximum period of 25 years. Water is available from the Coachella Valley County Water District upon payment of the district's usual charges and the irrigation system is now constructed for the delivery of water to each 40 acre subdivision.

The underground drainage works are now constructed so that a drainage outlet is provided to each 80 acre subdivision.

Additional information or copies of the invitation may be obtained from the Sacramento Area Office or the Riverside Area Field Office, Bureau of Indian Affairs, 6192 Magnolia Avenue, Riverside, phone Overland 3-5445.

### Leave It to Father

EAST LANSING, Mich. (UPI) — Housewife, put down that heavy load.

Michigan State University home economists say 25 pounds is the greatest weight a healthy woman should try to lift. Anything heavier should be pulled or pushed or put off on hubby.

### Payment Was Heavy

HYANNIS, Mass. (UPI) — Grandpa played a heavy role in the birth of his first grandson, David Allen Ryder.

David Allen's parents, Mr. and Mrs. Russell Ryder of Barnstable, paid the last \$60 of the maternity bill with nickels and dimes they said Grandpa saved up for the occasion.

## Hardwood Floor Held Saving, Not Expense

LOS ANGELES — Almost every homeowner wants to cut costs when he builds, the Hardwood Flooring Council of Southern California points out.

The smart homeowner also thinks ahead and tries to build a house where maintenance costs can be kept to a minimum.

The Council advises that one of the most important ways to keep both initial and maintenance costs down is to insist on quality. Strange as this paradox may seem to bargain hunters, the principle is sound, especially in long-range purchases like building materials for the home.

Take one example: It costs little to care for a quality material like hardwood flooring and increasing economy comes in the years of trouble-free, maintenance-free service.

## Tonight, Saturday

# Beauty Pageant To Be Televised

KHJ-TV will telecast the California Beauty Pageant's semi-finals and finals on the nights of June 17 and June 18 direct from the Civic Auditorium in Santa Monica.

The winner will be crowned "Miss California" and represent the state in the "Miss Universe" contest.

MISS LEEANN Howard of Palm Springs is a contestant. Channel 9 will beam the Friday night semi-finals from 10 to 11 p.m. and the Saturday night finals from 8 p.m. to conclusion. The beauty pageant is the culmination of eight months of preliminary contests held throughout the State of California. During that period over 6,000 girls were screened to arrive at the sixty in the semi-finals.

THE LUCKY GIRL to be picked

ed as "Miss California" will receive gifts ranging from a complete wardrobe to a trip to Miami to compete in the 1960 "Miss Universe" contest.

As in the 1959 California Beauty Pageant, the girls will be seen in both bathing suits and evening gowns. The contestants will be judged on grace, poise, beauty and impression.

FROM THE original sixty girls, 15 will be picked for the Saturday night finals and from the 15, the winner and her court will be chosen. Dick Clark, star of ABC's "American Bandstand" will crown "Miss California."

On hand to help MC the show will be John Willis, KHJ-TV's well known news director. Willis will interview the girls and bring backstage proceedings to Channel 9's audience.

# 'BERLIN: END OF LINE' ON 'REPORT'

West Berlin, pawn of East-West tension, will be the subject of the next "CBS Reports" program, "Berlin: End of the Line," Friday, June 17 (CBS Television Network, 9-10 p.m.).

Edward R. Murrow, reporter-narrator of the program, who flew to the former German capital when it was again placed in jeopardy by the collapse of the Paris Summit conference, has returned after a series of interviews with Western leaders and the people of Berlin.

AMONG THOSE interviewed on "Berlin: End of the Line" are West German Chancellor Konrad Adenauer and Mayor Willy Brandt of West Berlin.

The program will be a history and study of Berlin from its division by the Allies in 1945

through the airlift, the return of prosperity, the rearmament of Germany, the Soviet demand for Western withdrawal, the plans for the Big Four meeting to resolve the issue and Soviet Premier Nikita S. Khrushchev's abrupt and emotional ending of the Paris conference.

IN THE documentation of the recent past, those whose opinions will be presented are the late Ernst Reuter, former mayor of Berlin; President Eisenhower, Field Marshal Montgomery, former President Harry S. Truman, Adlai E. Stevenson, British Prime Minister Harold Macmillan, Premier Khrushchev and the people of West Berlin.

Fred W. Friendly, executive producer of "CBS Reports," is the producer of "Berlin: End of the Line."

# MACRAE FAMILY TO BE PERSONED

Entertainers Gordon and Sheila MacRae and Phillippe Halsman, internationally known "jump" photographer, will be the guests of Charles Collingwood and "Person to Person" Friday, June 17 on the CBS Television Network (10:30-11 p.m.).

The MacRaes and their four children: Meredith, 15, Heather, 13, Gar, 12, and Bruce, 6, will be visited at their home in North Hollywood, Calif. Halsman, his wife, Marie, and their two daughters Irene and Jane, in their Manhattan apartment.

THE MACRAES are aptly known as a "five and a half letter team" of show business. They are active in motion pic-

tures, television, radio, night clubs and the recording field. Sheila is the extra half - letter of the team because she also writes their night club acts, now being seen in Las Vegas.

Halsman, recently named one of the world's great photographers in an international poll, has taken more than 100,000 photographs, including portraits of most of the leading statesmen, scientists, entertainers and celebrities of our time.

LAST YEAR HE gained world wide attention with the publication of "Phillippe Halsman's Jump Book," which contained photographs of many famous people taken while they were in air, in the "Science of Jumpology."

# Bilko Decides Ladies Aren't Always First

Bilko decides that ladies are not always necessarily first in the driver's seat when he and a WAC sergeant both become interested in obtaining the one available personal jeep for use by a sergeant during KITT's "Phil Silvers Show," Friday, June 17, 7 p.m., Channel Eleven.

When Bilko learns that the post commander is seeking candidates of sergeant's rank for a permanent assignment as guard of the armory with a personal jeep at

his disposal, the sergeant decides he wants the job - the jeep, that is - for himself.

Without divulging the jeep angle, he cons his fellow sergeants, one by one, into shunning the job. When he is assured the job is in the bag, he is dismayed to learn that an outside sergeant named Hogan has put in for it. What he doesn't know is that Sgt. Hogan is a member of the Women's Army Corps - and smart!

# IRELAND, COOTE ARE GUEST STARS

John Ireland, Debra Paget and Robert Coote appear as guest stars with Clint Eastwood in "Incident of the Garden of Eden" on "Rawhide" on the CBS Television Network Friday June 17 (7:30-8:30 p.m.).

Rowdy Yates, cattle - drive

ramrod, is sent to buy cattle to

replace those lost in the drive.

## Escaped Convicts Terrorize Town

Georgetown is terrorized by six escaped convicts returning to the scene of their crime in "Sundance and the Hostiles" on "Hotel de Paree" Friday, June 17 (CBS Television Network, 8:30-9 p.m.). (This is a rebroadcast.)

A county fair is in progress and Georgetown is deserted except for Sundance and a handful of men when six desperate convicts "crush out" of a nearby prison and make their way to the town to finish the crime that led to their apprehension.

Earl Holliman stars as Sundance. Also starring are Judi Meredith as Monique, Jeanette Nolan as Annette, and Strother Martin as Aaron.

Featured are John Pickard as Matt Harris, Paul McGuire as

Reb, Jason Johnson as Orrie, Robin Riley as June, Stanley Clements as Blake, Paul Carr as Barnes, Wilke de Martel as Pete, Victor Rodman as Tully, Allyn Joslyn as Josh, and Harry Swoger as Big

Houston.

from San Antonio to Sedalia. His search leads him to a small western town, in the middle of which stands a pub of the type found in England.

THERE HE LEARNS the cattle he wants to buy are owned by a Sir Richard Ashley, an Englishman. It is apparent from the attitude of the townsfolk in the pub that the cattle are not for sale - until Rowdy meets Sir Richard's daughter Laura, who is eager to sell.

John Ireland plays Sir Richard's foreman, Winch; Miss Paget plays Laura and Robert Coote portrays Sir Richard.

ERIC FLEMING also stars in the series as trail boss Gil Favor. Others in the cast include John Hoyt as Wilks, J. Pat O'Malley as Oliver, Pat O'More as Tompkins, Gregory Walcott as Crane and Adrienne Marden as Onawa. "Rawhide" regulars are Sheb Wooley as Pete Nolan, Paul Brinegar as Washburn, James Murdock as Mushy, Steve Raines as Jim Quince and Rocky Sharhan as Joe Scarlet.

## 'Holiday' Goes On Glider Trip

Bill Burrud's "Holiday" boards a motorless glider with bush-piloting Rusty Myers and heads into the wilds of Ontario, Canada, in "Torrey Pines to Ontario," Friday, June 17, 7 p.m., KOOP, Channel 13.

# County Okehs Road Camp Sewer Link

## Sanitation Threat Prompts Supervisors To Seek Connection

Because of the threat to sanitary conditions at the road camp in Thermal, the Board of Supervisors authorized Road Commissioner A. C. Keith this week to pay a connection charge of up to \$1,500 to the Thermal Sanitary District and an annual fee, based on assessed valuation of the county property, in the neighborhood of \$240.

KEITH TOLD THE supervisors that the sewer facility is necessary because of the high water level in the Thermal area. The road commissioner explained that the Thermal district arrived at the assessed valuation of the county road property as assessed \$10,000 by the district, is assessed at \$20,000 by the district.

"IT'S NOT A VERY well financed district," said Keith, "but the directors are friendly and willing for the county to connect to their system."

Present tax rate of the district according to Keith is \$120 per \$100 of the district's assessed valuation. He said the charges are unusually high.

its weather ships in the Atlantic and Pacific Oceans are not only weather, but safety aids as well. The final agencies—the Bank, the Fund and IFC—have largely self-explanatory roles. They lend money for development and budget-balancing, at easier terms than the friendly smiling loan man in the second-floor downtown office.

UNESCO MAY BE the most publicized, and some authorities feel the most maligned, of all the UN agencies. Its field is mainly education.

# MAJOR U.N. AID IS AID TO WORLD

UNITED NATIONS, N. Y. (UPI)—Conflict makes headlines for the United Nations. Its less-publicized work for the economic and social betterment of mankind is its lifeblood.

In the ornate, modern UN headquarters, the Economic and Social Council chamber is designed with the motif of a factory or workshop. This is because ECOSOC is the one organ of the United Nations which deals with the problem of daily bread and butter for the world, many of whose millions subsist on near-starvation diets.

ONE OF ECOSOC'S many problems is the UN technical assistance program—a global projection, with 82 countries having a voice in it. The U. S. Point Four Program initiated by President Harry Truman But the United States spends more on its unilateral aid program than the entire United Nations is able to raise for its global project.

The argument often is advanced —and Secretary-General Dag Hammarskjöld is one of its chief protagonists—that the underdeveloped countries prefer the UN technical assistance program to aid from the United States, Russia or any other country because they need not fear political strings in the world organization's program.

THE LATEST UN project is a special fund administered by former Marshall Plan administrator Paul G. Hoffman, to provide \$100 million for long term major development projects in backward countries. The initial fund-raising goal has not been reached.

Associated with, although technically not an integral part of the United Nations are a dozen specialized agencies.

IN ORDER OF THEIR length of association with the world organization they are the International Labor Organization (ILO), the Food and Agriculture Organization (FAO), the UN Educational, Scientific and Cultural Organization (UNESCO), the International Civil Aviation Organization (ICAO), the International Bank for Reconstruction and Development (Bank), the International Monetary Fund (IMF), the Universal Postal Union (UPU), the World Health Organization (WHO), the International Telecommunication Union (ITU), the World Meteorological Organization (WMO), the International Finance Corporation (IFC), and the International Maritime Consultative Organization (IMCO).

IN ADDITION THERE are the UN Children's Fund (UNICEF) and the International Atomic Energy Agency (IAEA).

Probably the best known of these is UNICEF, whose major project is providing child and maternity care throughout the world.

It is for UNICEF that American school children "trick-or-treat" on Halloween for pennies to help children elsewhere. But UNICEF works hand-in-glove with other agencies on health and welfare problems.

THERE IS A CLOSE association between UNICEF and WHO. WHO now is engaged in a campaign to eradicate malaria throughout the world in this decade. It made history in 1948 when it guaranteed an entire country—Egypt—and stamped out a cholera outbreak. Its coordination of public health programs and research is an unenviable task that fills a gap never faced up to before.

FAO deals with improvement of the world's food supply. Its experts do not fear the "population explosion," dealt with in this year's headlines. FAO holds that the world can produce more than enough food, whatever its population. A striking example of its

work is the introduction of fish-farming, proving in many areas that an acre of water can produce more protein value than an acre of land used for grazing.

ILO IS CONCERNED with raising the world's lot throughout the world. ICAO co-ordinates civilian flying on uniform standards everywhere. UPU undertakes to administer the delivery of mail "any place, regardless of political relationships between governments. WMO its aiding navigation, and

No. 260

STATE OF CALIFORNIA

DEPARTMENT OF PUBLIC WORKS

DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 247 Third Street, San Bernardino, California, until 10 a.m. on July 8, 1960, at which time and place they will be publicly opened and read, for performing work as follows:

Riverdale County, in Palm Springs at China Creek (VTL-RV-181-PSP), about 1.9 miles in length, timber bridge to be removed, culvert to be installed and roadway to be resurfaced and surfaced with asphalt concrete on aggregate base and existing surfacing.

Plans and specifications and forms of proposal, bonds, and contract may be obtained at the above address.

No bid will be considered unless it is made on a proposal form furnished by the District Engineer, and is made in accordance with the provisions set forth in Section 2, "Proposal Requirements and Conditions," of the Standard Specifications. Each bid must be accompanied by a proposal guarantee in accordance with the provisions in the Standard Specifications.

The Department of Public Works reserves the right to reject any or all bids. The quantities listed in the State Highway Engineer's Estimate heretofore stated, are approximate only, being given as a basis for the comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, to omit portions of the work, as may be deemed necessary or advisable by the Engineer. Bids are required for the entire work described herein.

# Swim Party at Shadow Mountain Precedes Optimist Installation

A swimming party preceded cocktails and dinner on the terrace Saturday night when the Optimist Club met at Shadow Mountain Club for their annual installation of officers. Some of those attending this affair were, the Bob Coates, L. Thorl Lakes, Newton Johnsons, Charles Pelgrams, Clancy Smiths, Hector Woods, Marty Johnsons, Martine Etchepare, Bill Doty, Del Gagnon, Jack Pollard, Mr. and Mrs. Ben Arnold. Ben is the retiring president of the group. Past Lt. Gov. of District 14, Harwood Larson of Anaheim, and his wife, were here for the installing, with Charles Valentino assisting. Officers elected were Del Gagnon, president, Marty Johnson, Bob Coates and Hector Wood, vice presidents; Martine Etchepare, secretary-treasurer. Mr. and Mrs. Don Ralston of Norwalk (he is the secretary of the district) were also in attendance.

Recently home from San Diego State College, Bob Harris, son of Mrs. Martine Harris, left this week with his grandmother, Mrs. Iva Kendall, to spend a week in San Francisco visiting their aunt and daughter, respectively, Mrs. Richard Stewart.

A first time visitor to the desert, Miss Marcela Johnson of Elmhurst, Ill., thoroughly enjoyed her weekend visit with her cousin, Joanne "Shearnie" Taylor. While in the area, Marcela also spent some time with old time Illinois friends, Mr. and Mrs. Robert Amell of La Jolla before jetting back to her home.

Weekend guests at the home of Mr. and Mrs. Stephen Chase IV, was Mrs. Chase's niece and her husband of Corona Del Mar, Mr. and Mrs. Lee Dieley, who are quite frequent visitors to the desert.

Cocktails were enjoyed at the Toro Peak Street home of the Major Slaters Sunday evening when the Bob Robbins, John Morans and Stephen Chases gathered before motoring on to Salton Sea, where the Slaters hosted their

## YOUNGSTER GETS QUICK LESSON IN 'LEGAL' DITCHING

DALLAS, Tex. (UPI) — Steve Bock, 5, is learning fast. He had been to nursery school only two days before he asked his father whether people who were sick had to go to school. "No, people who are sick stay at home," his father replied. "I have a headache," Steve said. "How about an aspirin?" "No, thanks," Steve said firmly. "That would cure me."

## Tax-Supported Cake Trim Class Rapped

### Assemblyman Calls Adult Education Wastes 'Absurd'

SAN FRANCISCO (UPI)—A state legislative committee had mild indignation yesterday after learning that state tax funds had gone to support adult education classes in cake decorating.

Assemblyman Bruce V. Reagan (R-Pasadena) said it was "the most ridiculous thing I've ever heard of" for the state to aid a 120-hour course once known as "Fun with Frosting," given 103 students last year at a Lafayette evening high school.

"I'VE HEARD THINGS about frill courses, but I'd never believed it until now—120 hours for cake decorating, absurd," Reagan sputtered at an Assembly Education Subcommittee hearing.

The assemblyman asked Gordon Gibson, principal of Acalanes Evening High School, to read a single-spaced three-page outline for the class in cake decorating. Reagan said he wanted to find out "what extremes of asininity adult education was going to when state tax dollars are hard to collect."

QUOTING FROM THE outline, Gibson read this section on icings: "A. Butter, royal and cooked. 1—Correct consistency. a—Scrolls. b—Pressure flowers. c—Stems and leaves. d—Petals by petal. e—Animation. f—Miscellaneous."

Gibson said that the title "Fun with Frosting" had been dropped since it did not "actually reflect the sound and worthwhile educational value of the course."

Michael Walters for a group of his friends. Those attending were Mr. and Mrs. Henry Reynolds and their son, Duncan, Miss Bobbie Dabbs, Gardner Lippincott and daughter, Eileen, Lou Kuehner who has left for his summer job as camp director at Sherwood Forest in St. Louis, Betty Roberts and her daughter, Vicki, Mr. and Mrs. Jim Gray, Evelyn Sahland, Olive Dyna, Anne Fitzgerald, Dee Bailey, Sally Storz of Phoenix, Dannie McLaughlin and Earcel Ostler. Dancing on the patio was enjoyed after the barbecue.

Leaving last Tuesday morning, Mr. and Mrs. Jim Harstad and their two sons, David and Glenn, will spend the summer in their Detroit Lakes, Minn., home. Accompanying them was Miss Eileen Stromberg, whose home is in Pelican Rapids, Minn., and has been an employee at the Harstad's Adobe this past season. Eileen will spend some time at the lake before leaving to visit her family in Pelican Rapids.

## Dear Abby

DEAR ABBY: Our 13-year-old boy is our problem. He won't do a thing unless he is paid for it. He worked last summer at a garage and we heard all over town what a good worker he was, but if we try to get him to mow the lawn or clean the basement or even his own room he will sneak out of the house before we can catch him. He is too big to spank and too young to throw out of the house bag and baggage (which is what his father thinks will cure him).

Should we just put up with this kind of behavior until he is 18 and then let the Army train him?

CORNERED DEAR CORNERED: Your son needs some affection and real understanding. Do you "order" him to do things, or do you ask him properly? I have yet to meet the normal 13-year-old boy who wouldn't respond to a little praise, a lot of love and a modest incentive.

DEAR ABBY: I wouldn't call Lester an alcoholic but he does like his drinks now and then, and every time he gets a few drinks in him he starts giving things away. He gave away a good straw hat, I don't know how many neckties, several cigarette lighters and even his lodge pin. I think generosity is a nice trait, but shouldn't people realize that it's the drinks that make him big-hearted?

Last Saturday night, Lester was feeling good again and he gave away my plastic raincoat. It only

cost 79c, but I liked to keep it in the car. Do I have the right to call the waitress he gave it to and ask her to return it?

LESTER'S WIFE DEAR WIFE: Ask Lester to get the raincoat back or to replace it. But don't you go collecting things your husband gave away, drunk or sober. P. S. Nudge Lester toward restraint on the giggle-wa-ter.

CONFIDENTIAL TO MR. AND MRS. "CHILDLESS:" Deal only with a legitimate adoption agency. A shady transaction such as the one you are considering is illegal and could net you one big headache.

CONFIDENTIAL TO FLABBERGASTED: Now that you know he lied about his name, you can justifiably assume he has lied about other things. Lose him.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamp.

**OUTBOARDING'S BEST DEAL IN A DECADE**

40 hp performance, 4-cylinder dependability for little more than a 2-cylinder 25!

**MERCURY**

Before you buy any outboard in the 25-40 hp class, compare it with a Mercury — the best horsepower buy in outboard history! A Merc 300 gives 40 hp performance plus the extra dependability and smoothness of 4-cylinder design, but is yours for about the same price as competitors' 25 hp motors with only two cylinders. And a 4-cylinder Merc 400 has 45 hp performance but is priced in the range of competitors' 40 hp 2-cylinder motors.

**BIG POWER at low cost is just one reason why you'll want a dependable Mercury "four" — the modern in-line engine design with lighter, tougher reciprocating parts and much lower piston speeds than competitors' long-stroke, big-bore twins. Mercury's short-stroke, small-bore design reduces inertia forces — the main cause of engine wear — to only about one-third those of competitors' outboards operating at the same RPM. So you get not only bonus performance but longer engine life! See your dealer for a demonstration of Mercury — 6 to 80 hp. Ask about liberal trades, easy terms.**
